Learn to sketch! Open to both beginning and advanced levels. Explore the principles of drawing, improve your understanding of design and color starting with composition, shading, space and texture. Using a variety of drawing tools and materials you will create finished works of art through group and individual instruction. Supply list will be available upon registration.

JAMES JOHNSON

Jim Johnson loves to paint outdoors. "There is such beauty to be seen in the random mixtures of light, color, texture, and pattern in nature," he says.
